Program Updates and Additions

- New Certificate in Ideation, Creativity and Entrepreneurship (ICE) launched Fall 2020.
- This certificate is intended for current Hill Business students, but can also include students from any other discipline. For example, Engineering, Science, Arts, etc. can take this certificate, gaining foundational business knowledge. We are very excited about this program as it will appeal to those interested in starting up their own businesses, or who are looking to add foundational business knowledge to their degree.
- More information can be found at this link: ICE Certificate: https://www.uregina.ca/business/hill/prospective-students/ice-certificate.html

Student Groups and Work Integrated Learning Opportunities

Student life is not just about the classroom. Activities that take place outside of the classroom can be just as important to a student’s education, which is why the Hill School encourages experiential as well as academic learning.

- Business Faculty Student Groups
  - Accounting
  - Entrepreneurship
  - Marketing
  - National/Regional Business Competitions
- The UR Investing currently manages over $1.7M in capital markets. Yes, this is real money!

Important Stats
