We are

U of R
The University of Regina is situated on Treaty 4 lands with a presence in Treaty 6. These are the territories of the nêhiyawak, Anihšināpēk, Dakota, Lakota, and Nakoda, and the homeland of the Métis/Michif Nation. Today, these lands continue to be the shared territory of many diverse peoples from near and far.

The University of Regina has many strengths. Though we’re proud of our world-class facilities and exceptional programming, we believe that our greatest strength lies in the rich diversity of our students, staff, and faculty. We believe that many perspectives foster a well-rounded education and produce invaluable citizens of the world. We are a welcoming institution, and it shows in our numbers. Last year, 19% of our student population was comprised of International students, while Indigenous students made up 13% of our total student body. These are percentages that make us truly proud. At the U of R, we embrace diversity because we know that we are stronger together.
ACHIEVERS
Imagine a world where you find career-related employment within six months of graduating. The UR GUARANTEE program makes this dream a reality — and if you can’t find employment, the U of R will pay for another year of undergraduate classes. You also have the chance to get job experience with our Co-op programs — available in 50 areas of study. Here’s the kicker — some students have even been hired before they graduate!

PARTNERS
Succeeding in university is a lot easier when you have partners supporting you along the way! Our Federated Colleges offer unique programming and services, providing students with a variety of learning environments. Our Student Success Centre offers students access to academic supports, and our Living-Learning Communities bring together like-minded students for you to connect with. Combine all of this with a talented faculty, and you have a university dedicated to the success of its students!

EXPLORERS
Just like those “choose your own ending” TV shows, this is your chance to control the narrative and have some fun! With the UR International Study Abroad Program, you can travel, live, and learn in some of the most fascinating and beautiful places around the globe, including North and South America, Europe, Australia, Asia, and Africa!

INNOVATORS
Our high-quality programming is unique and leads to groundbreaking research with impact. Not only are we top-ranked in Canada for number of international research collaborations, we also have the highest research impact ranking among medium-sized comprehensive universities in the country. As an undergraduate student, you will have the opportunity to get involved in research projects, or even work as a research assistant!

YOUR HOME
The quickest way to immerse yourself in campus life is to live in! Our six fully-furnished residence buildings offer a wide variety of room options, ensuring you will find the perfect place to call home. You will have access to residence events, the opportunity to make lifelong friends, and you can even roll out of bed 20 minutes before class starts and make it on time.

Maybe you’ve always known what you want to be when you grow up, or maybe you change your mind on a weekly basis. Whether you’ve already chosen a program, or you’re still searching for your purpose, the University of Regina offers plenty of opportunities for you to find what you’re looking for. Being a student at one of Canada’s leading mid-sized universities, you have the chance to be a trailblazer in whichever program you choose. At the U of R, we are:
FACULTIES

Whether you’re a poet or a chemist, you prefer to work with your hands or you’d rather contemplate Plato, you’re a team player or a solo act, the University of Regina has a program for you. Check out our list of cutting-edge and innovative departments that will put you on the path to success.

ARTS

With over 13 departments and 126 tenured instructors, the Faculty of Arts helps develop critical thinking skills for your inquisitive mind. Each department offers a wide range of exciting fields of study — from social sciences to humanities, economics to linguistics — whether you choose to pursue Police Studies or Philosophy, degrees with a strong arts component will help you build leadership skills that will improve your personal and professional life.

Led by renowned experts, the Faculty of Arts researches and teaches in innovative, new directions. In this vibrant and student-focused environment, you will learn to make informed decisions about critical issues like politics, poverty, women’s rights, international development, morality, and more. When you pursue an arts degree, you will have the opportunity to study a subject that is interesting and meaningful to you, challenge the status quo, learn to think outside the box, and satisfy your curious mind!

BUSINESS ADMINISTRATION

As Saskatchewan’s finest undergraduate business program, whether you have a million-dollar idea for a startup or you were born to work in sales, the Hill School of Business challenges assumptions and expands your horizons. With an increasing demand for business majors in everything from the tech industry to government, the Hill School of Business covers a wide range of subjects that prepare you for an exciting career in your field of interest. Whether you wish to work in HR, become a project manager, or want a job in finance, you will find your crowd through student-led community service, charitable activities, and have the chance to open yourself up to the numerous opportunities the faculty offers.

Pursue a bachelors, diploma, or certificate program, and learn from faculty members who are proud to possess genuine character, personality, knowledge, perspective, and culture. Choose a degree in business and unlock the potential for endless possibilities!

KINESIOLOGY & HEALTH STUDIES

Interested in how the body moves and functions? The value of leisure, recreation, and sport to individuals, and communities? The connection between health and societies? Kinesiology & Health Studies (KHS) offers degree options to match your passion. Not to mention that KHS provides hands-on learning experiences through Fieldwork and Internship Programs that allow you to participate and learn in real-world settings.

Kinesiology students learn about anatomy, physiology, motor learning, biomechanics, nutrition, and psychology with a focus on helping different groups achieve well-being. Sport & Recreation Management prepares students for careers in the sport, recreation, and tourism industry and study leadership, event management, program development, and marketing. Therapeutic Recreation students acquire the knowledge, skills, and abilities to use person-centred recreational activities to enhance the quality of life for people across the life span. And Health Studies students explore the health of individuals and communities through a social determinants of health lens.

EDUCATION

We’re all had a teacher that has changed our lives, and the Faculty of Education offers you the chance to follow in their footsteps and inspire the leaders of tomorrow. Learning doesn’t only take place in the classroom. Our programs feature multiple school-based field opportunities to gain teaching experience, develop practical skills and build relationships across the education sector. Our focus on anti-oppressive education offers a unique opportunity to become an educator who is committed to making the world a better place for all children and youth.

With the Faculty of Education, you will create lasting relationships with fellow students, faculty, and staff, partake in social events, and build networks both within and beyond the school community. With multiple bachelors, masters, and certificate programs to choose from, you will work together to gain a better understanding of education to bring meaningful change to the teaching profession.

ENGINEERING & APPLIED SCIENCE

If you’re interested in designing solutions to life’s problems, the Faculty of Engineering & Applied Science might have the program for you! Engineering represents a rewarding area of study that blends creativity, imagination, science and mathematics, design and problem solving with the human factors of personnel and resource management, planning, and organization. Learn about climate change adaptation, robotics, and sustainable energy, and build your knowledge on a foundation of mathematics, basic sciences, engineering sciences, and design.

Whether you choose to focus on Electronic, Environmental, Industrial, Petroleum, or Software Engineering, our systems approach will help you learn to work with other types of engineers and experts from other disciplines, teaching you effective communication and teamwork. Plus, the Faculty of Engineering Co-op Education Program will give you the opportunity to get unmatched work experience while you participate in many fascinating, cutting-edge research projects.

NURSING

Nursing is a profession that is both a science and an art — science undergirds nursing, but nursing is fundamentally relational. If helping others is your true calling, the Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN) program offers you a practice-focused and student-centered learning environment to pursue your passion. The curriculum, your professors, state of the art labs, and clinical experiences will provide you with the knowledge, skills, and experiences necessary to practice as a registered nurse in the 21st Century. You will learn about human anatomy and physiology, Indigenous health, pharmacology, and informatics, allowing you to support and advocate for the health of the public.

This program is a collaborative venture between the University of Regina and Saskatchewan Polytechnic. In this direct entry program, you will experience the culture of both institutions, including student life and access to student services.

LA CITÉ UNIVERSITAIRE FRANCOPHONE

La Cité universitaire francophone acts as the main hub for French-language university programming, research, and services in Saskatchewan, playing an active role in the cultural, linguistic, and professional development of the Fransaskois community. Whatever your experience level is, La Cité initiates, encourages, develops, and supports research and the dissemination of academic work in French on issues of concern for Francophone minority communities. Immerse yourself in a stimulating Francophone environment and living space with the most comprehensive French-language academic programming in Saskatchewan.

Thanks to partnerships between La Cité and several university faculties, you can take full or part-time studies in French by pursuing a bachelor, diploma, or certificate program. Additionally, partnerships with the Faculty of Education and the Faculty of Nursing make it possible for you to pursue a Baccalauréat en éducation française (B.Ed) and a Bachelor of Science in Nursing—bilingual option.

Learn more at: lacite.uregina.ca

MEDIA, ART, AND PERFORMANCE

The Faculty of Media, Art, and Performance is the ultimate playground for your imagination. If you value hands-on learning and feel at home in highly creative environments, consider pursuing an education in Creative Technologies, Film, Music, Theatre, Visual Arts, or Interdisciplinary Studies!

Experience a well-rounded, broad-based education that prepares you to map your own path as an artist. The Faculty of Media, Art, and Performance provides a contemporary maker space for you to collaborate with other artists while using the latest technologies and tools to bring your ideas to life in new and exciting ways. Plus, small class sizes give you the chance to work closely with professors, resulting in invaluable experiential learning opportunities. Immerse yourself in a culturally-rich environment, surrounded by internationally-experienced faculty and graduates as you develop your own unique voice in whichever artistic medium you choose.

The Faculty of Science aspires to be a premier post-secondary academic unit, recognized for the significance, novelty, and impact of its research, and for the quality, relevance, and currency of its academic programs. With a broad range of exciting areas of study in Biology, Biochemistry, Computer Science, Geology, Mathematics, and Physics, our undergraduate programs are grounded in the tradition of a liberal arts education and are organized into individual disciplines, but recognize and value the interdisciplinary nature of knowledge and learning.

The Faculty of Science offers a learning environment that allows you to achieve your personal, academic, and professional goals through bachelor’s, master’s, and doctoral degrees, as well as a number of diplomas and certificates. If you seek rewarding and promising postgraduate employment, look to make the world a better place, and show an impressive degree of social engagement, consider pursuing a science degree.

Learn more at: www.uregina.ca/science

The Faculty of Social Work aims to provide high quality, generalist social work education focused on helping you identify the needs of the disadvantaged, marginalized and oppressed, and engage in anti-oppressive practice that supports individuals, families, and communities as they realize their full potential. Our nationally accredited programs prepare you to enter the field of human service and professional social work practice across Canada and internationally. Graduates find careers in areas including family counselling, mental health and addictions, child welfare, social policy research and analysis, medical and healthcare, criminal justice, community development, newcomer support, and education.

In addition to the Regina and Saskatoon campus locations, social work courses are offered at the Prince Albert campus, in the Yukon Territory, and throughout rural regions of Saskatchewan. The Faculty of Social Work boasts an exceptional team of more than 35 knowledgeable and approachable faculty, staff, and sessional lecturers, all dedicated to your educational and professional success.

Learn more at: www.uregina.ca/socialwork

“I chose Social Work because of the way in which its guiding principles aligned with my own personal and professional aspirations around community development and humanitarian work. I like that we are encouraged to engage in the community through the curriculum. It allows my classmates and I to further understand the purpose of our profession and think critically about how course material applies to the world.”

Vibya Natana
3rd Year, Social Work
When it comes to education, a one-size-fits-all model simply doesn’t work. That’s why we have three federated colleges through which you can pursue your University of Regina degree. Our federated colleges offer students a unique and supportive community within the larger U of R community.

**Federated College Students:**

1. Pay regular tuition & access all the same supports and services (and more!)
2. Benefit from one-on-one academic advising
3. Access additional scholarships and bursaries
4. Graduate with a U of R degree
5. Have Smaller Classes and Easier Access to Instructors

**Luther College**

Luther College is committed to retaining the personal atmosphere, individual attention, and sense of community that only a small university can offer. Our teaching and research are rooted in our commitment to social justice, the pursuit of a sustainable environment, and our commitment to global citizenship. Our academic advisors and enrolment counsellors will help you find your passion. Our instructors will help you explore, learn and transform that passion into a meaningful career.

Luther students can pursue a degree in Arts; Media, Art, Performance (MAP); Science or pre-professional studies, in a nurturing and inclusive environment. In addition Luther students are eligible for over $100,000 in additional awards throughout their degree.

The Student Village at Luther College offers private, convenient, and affordable living, right on the U of R campus! We have 219 private rooms that come with a meal plan, free laundry, free wi-fi and a great sense of community!

For more information, visit: www.luthercollege.edu/university

**First Nations University of Canada**

FNUniv students value the sense of culture and wholeness that is part of all aspects of the institution, from the small and supportive classes, to the respect for Indigenous traditions, to our history and our values.

Learn more about the FNUniv at www.fnuniv.ca

**Campion College**

Students in Arts; Science; pre-professional programs, and Media, Art, and Performance can experience Campion’s advantages, including: over $125,000 in additional scholarships, personalized advising, volunteer learning, and reserved class seating.

Campion College is a liberal arts and science institution in federation with the University of Regina since 1964. Campion offers you access to the innovative programs and services of the U of R while having a smaller community to call home. This community will help develop and nurture your future goals. Campion’s unique Jesuit connections allow global partnership with over 160 schools to ensure excellence in teaching and research.

KICKSTART YOUR UNIVERSITY STUDIES IN HIGH SCHOOL

Grade 11 and 12 students can take credit courses that will count toward a university degree program.

BENEFITS: Ease into a university workload, challenge yourself with course material not offered in high school, earn university credit, and meet like-minded students just like yourself across Saskatchewan!

Learn more at urflexible.ca.

Achieving success in university takes a lot of hard work but, like riding a teeter-totter, it’s so much easier when you’re not alone. We have many units on campus that provide personalized guidance and support to any students who need it.

SOME OF THE WAYS WE SUPPORT YOU

Our broad range of free programs and services will help you adjust to campus life and teach you the skills required to achieve success as a student, and wherever life takes you next.

SOME OF THESE PROGRAMS AND SERVICES INCLUDE:

• Free math and writing tutors
• Tutor registry
• Skill development workshops
• Leadership programs
• Academic Advising
• Accommodations for students with a disability
• Counselling services
• Library help services
• IT support services
• UR Guarantee
• And more!

ORIENTATION

Fall Orientation is the big kickoff to your first year of university! All new students are invited to participate in activities to learn about campus, discover how to make your time pursuing a degree the most rewarding it can be, and have a great time with over 1500 new students like yourself! The University of Regina offers various Orientation programs to suit the needs of all new students. Check out all of our Orientation events at uregina.ca/orientation.

You can also get a head start on your studies with our Summer Bridge Program! Join us in July and August to strengthen your academic skills, engage in social activities with other new students, and get familiarized with the University. Find out more at www.uregina.ca/student/ssc/summerbridge.

Our tutor registry offers qualified tutors from a diverse range of subject areas.

TA-TAWÂW STUDENT CENTRE

Located on the main floor of our bright and beautiful Research and Innovation Centre, our ta-tawâw Student Centre cultivates a respectful and welcoming atmosphere for all. The Centre encourages student empowerment, identity, community connection, providing cultural support, and Indigenous ways of learning. The Centre also acts as a central hub for all students, faculty, staff, and community to gather and find a sense of belonging in the larger university environment. Thanks to its impressive number of oversized windows, it’s also one of the best places in the university to grab a seat and people watch.

THE CENTRE FOCUSES ON ASSISTING STUDENTS TO:

• Successfully transition into university
• Successfully complete their degree
• Transition into the workforce
• Participate in university events

Learn more at urflexible.ca.
Our lively campus is perfect for social butterflies. But if you’re more of a wallflower, don’t despair – our campus is perfect for you too! After all, flowers and butterflies go together like peanut butter and jam. The University of Regina Students’ Union (URSU) is made up of over 16,000 students, representing the diversity of our campus and students. URSU works to keep students connected to everything that is happening on campus and is a place where all students can find a true sense of community.

With nearly 120 student clubs and societies at the U of R, there’s sure to be something that piques your interest. Can’t find the perfect club? URSU will gladly accommodate new clubs, and even help you get set up with funding! We also proudly support a number of events that celebrate the rich multicultural heritage of our campus and student body.
The University of Regina is home to 13 intervarsity athletics teams that compete against other post-secondary institutions across Canada and the United States. With students from all over the globe joining our athletics teams, we need YOU to be loud in the crowd! Join us on game days to cheer on all of our athletics teams!

**RECREATION SERVICES: YOUR ONE STOP SHOP FOR FITNESS AND FUN**

**AQUATICS CENTRE AND FITNESS AND LIFESTYLE CENTRE**

The U of R is home to a state of the art aquatics centre that offers free open swim times for students and swimming lessons. The Fitness and Lifestyle Centre features an elevated 200-meter four-lane running track, a large fitness centre, and workout space available for students with a valid U of R Student ID. Join us for fitness and fun.

**SPORT CLUBS**

Find Your DIRECTION

Knowing what you want to be when you “grow up” can be a challenge. Some people have a specific career path in mind, and they apply directly into a program that prepares them for that field. You might have a friend that has always wanted to be a nurse, or another that sees themselves as a teacher. However, for many of us it is not that simple and it takes time to find our true calling. The important thing is to study something that interests you, and the rest will fall into place. Take our quiz to find out which University of Regina program may suit you best.

This quiz is designed to get you thinking about your interests and skills and which programs may interest you. It is not a valid psychological assessment. We encourage you to continue to explore and reflect on your interests and skills and use other resources as you make decisions about your future.

WHAT DO YOU ENJOY MOST?
- a) Movies, live theatre, or art
- b) Nature and building things
- c) Teaching and helping others
- d) Commerce and sales
- e) Expressing your opinions
- f) Researching and analyzing information
- g) Learning about the world

WHAT DO YOU VALUE THE MOST?
- a) Originality
- b) Sustainability
- c) Compassion
- d) Success
- e) Exposing the truth
- f) Order
- g) Open-mindedness

WHICH ACTIVITY WOULD YOU RATHER PARTICIPATE IN?
- a) Photography
- b) Hiking
- c) Interacting with youth
- d) Using social media
- e) Public speaking
- f) Learning how things work
- g) Travelling

HOW WOULD OTHERS DESCRIBE YOU?
- a) Artistic
- b) Passionate about nature
- c) Caring and nurturing
- d) Innovative
- e) Persuasive
- f) Organized
- g) Analytical and a deep thinker

WHAT ARE YOU BEST AT?
- a) Creating
- b) Being environmentally conscious
- c) Empathizing
- d) Planning and negotiating
- e) Crossword puzzles
- f) Sudoku and problem-solving
- g) Learning new languages

WHERE ARE YOU HEADED?
- a) Environmental Biology
- b) Creative Writing
- c) Industrial Systems Engineering
- d) Computer Science

WHICH CAREERS FROM THE FOLLOWING LIST INTEREST YOU THE MOST?
- a) Musician, animator, or writer
- b) Conservation officer, environmental consultant, or petroleum engineer
- c) Teacher, social worker, or counsellor
- d) Sports team manager, market researcher, or mutual fund manager
- e) Journalist, writer, or police officer
- f) Lab researcher, software developer, or risk analyst
- g) Politician, interpreter, or community organizer

UNDECIDED?
Was this exercise difficult for you, or did you circle many different letters? No worries! Many of us don’t know what we want to study when we start university and many of us change our mind throughout our time here. On average, 23% of students change their faculty throughout their studies at least once.

University is a wonderful time to try new things – you can find out what you’re passionate about, what motivates you, drives you, or “fills your bucket!” Whatever you want to call it – we are here to support you as you navigate this journey.

And remember, you probably won’t stay in the same job forever. Enjoy your unique journey of constructing your career and making informed decisions and re-decisions along the way.

IF YOU CIRCLED MOSTLY:

As You may be happiest when you have the opportunity to be creative and artistic. Do you enjoy expressing yourself and using your imagination to solve problems? If so, some programs for you to consider include:
- Arts Education
- Creative Technology
- Creative Writing
- Film Production
- Software Systems Engineering
- Theatre
- Visual Arts

Bs You may enjoy studying disciplines that are environmental and technical. Are you passionate about the future of our planet and how things work? You may be best suited to the following programs:
- Biology
- Environmental Biology
- Environmental Systems Engineering
- Geology
- Industrial Systems Engineering
- Resource and Environmental Studies

Cs You may be happiest when you have the opportunity to be nurturing and supportive. Do you like to help others and enjoy fostering human development and wellness? One of these programs might be for you:
- Education
- Health Studies
- Medical Imaging
- Nursing
- Pre-medicine
- Social Work
- Therapeutic Recreation

Ds You may prefer careers where you can be entrepreneurial and enterprising. Are you a numbers person, or do you enjoy people, or both? You might want to consider these programs:
- Accounting
- Economics
- Entrepreneurship
- Human Resource Management
- Local Government Authority
- Marketing
- Sport and Recreation Management

Fs You may thrive on communicating and investigating. Are you curious about the world around you and do you enjoy expressing your opinions? Some programs for you to consider include:
- Anthropology
- Human Justice
- Indigenous Studies
- Journalism
- Police Studies
- Political Science
- Religious Studies

Gs Some may describe you as social and inquisitive. Are you interested in history and human interactions, and do you enjoy learning about other cultures? One of the following programs may interest you:
- Actuarial Science
- Biochemistry
- Computer Science
- Petroleum Systems Engineering
- Physics
- Software Systems Engineering
- Statistics

If you circled a lot of the same letters, you might like programs that are:
- a) Liberal arts
- b) Business
- c) Technology
- d) Fine arts

If you circled a lot of different letters, you might like programs that are:
- a) Science
- b) Commerce
- c) Technology
- d) Fine arts

ES You may consider yourself to be deductive and analytical. Do you enjoy researching and analyzing information and finding solutions to complex problems? One of these programs may be right for you:
- Actuarial Science
- Biochemistry
- Computer Science
- Petroleum Systems Engineering
- Physics
- Software Systems Engineering
- Statistics

20/21 VIEWBOOK
STUDYING ABROAD

There are few things that can teach us like travel can. Open your world and open your mind with our Study Abroad program. Experience a semester, summer, or academic year learning abroad while exploring unique cultures and gaining invaluable insights about yourself and the world around you. With access to a network of 450 universities across 70 countries, you’ll have the opportunity to see the world while gaining academic credit towards a U of R degree.

International mobility programs include the Student Exchange Program (SEP), National Student Exchange Program (NSE), and International Student Exchange Program (ISEP). Inquire with your faculty for student-led practicum, fieldwork, and internship placement opportunities.

Learn more and find out how to sign up for a Study Abroad program by visiting www.uregina.ca/international/study-abroad or by emailing us at Study.Abroad@uregina.ca.

“We must go beyond textbooks, go out into the bypaths and untrodden depths of the wilderness and travel and explore and tell the world the glories of our journey.”

John Hope Franklin
Sure, university is a character-building, mind-expanding, life-changing experience - but what’s the point of it all? Before you think this is an existential crisis kind of question, we’re actually referring to life after university. The point is to find a career – a career that you’re both good at and passionate about. That’s why we offer a variety of career education services that will help you get a jumpstart on your life after university.

**OTHER GREAT CAREER SERVICES WE OFFER**

Not sure what to study? Our Career Education Counsellors can help you with career self-assessment, exploring your many educational and career options, and choosing a career direction that fits you, taking into account your unique preferences, strengths and situation. Looking for a summer internship or part-time job? Our Student Employment Services connects employers with students seeking employment.

In addition to our Co-op Work Experience Program, we also offer a variety of other hands-on learning opportunities through internships, practicum placements, professional placements, and fieldwork.

**UR GUARANTEE PROGRAM**

The UR Guarantee Program was created to support students every step of the way through their university experience, up to and including finding employment after graduation. So how does it work? Once you sign up, you’ll meet with an advisor who will help you adapt to all aspects of university life. You’ll be given the opportunity to attend a wide variety of workshops and learn many valuable life skills, including: academic skills, writing a great résumé, developing interview skills, receiving career advice, and more. The UR Guarantee Program is designed to enhance your university experience by empowering you to achieve your educational, career and life goals.

Join before you have completed 30-credit hours or less of post-secondary classes, actively participate and complete all elements of the program, and you will be eligible for the UR Guarantee. What does this mean? In short, if you don’t secure career-related employment within six months of graduation, you will be eligible to come back for another year of undergraduate classes FREE of charge.

**CO-OP/INTERNSHIP FACTS**

Many Co-op/internship students have permanent job offers from their employers prior to graduation.

In 2019, the Co-op Program helped 865 students access career-related placements, a record number for the U of R!

In 2019, the Co-op Program helped 865 students access career-related placements, a record number for the U of R!

On average, our students make $12,500 over a 4 month internship!

Co-op/Internship students earned over $11 million in wages last year.

Living on campus is comfortable, convenient, and fun! Just think of how nice it would be to roll out of bed, toss on your favourite hoodie and be in class in 5 minutes. With six different buildings and 1,800 rooms to choose from, we know that there is a perfect room for you! Whether you select dorm-style or apartment-style housing, all of our residents enjoy their own private bedrooms so you can retreat to your own space at the end of the day.

ON YOUR OWN, BUT NOT ALONE!

Our Residence Life team is available 24/7 to support and assist you. When you live on campus, you are not just getting a great place to live, you’re also becoming part of a supportive community! Residence Life staff also organize all kinds of exciting activities throughout the semester, exclusive to residents! From movie nights, to Rider games, to Winter Formal, you’ll never run out of fun things to do when you live on campus.

SELECT YOUR ACCOMMODATIONS

Apply by March 15 and you’ll be able to Choose Your Room! At the University of Regina, we provide students the opportunity to select their exact room from a list of available rooms in our Housing Portal. Even as a first year student, you could end up with one of the best views in the city! Interested in choosing your roommates? No problem. Just request your roommates as part of your housing application online.

APPLY NOW! uregina.ca/housing.

Living on campus provides new students the opportunity to live and learn with people from all corners of the globe. Thanks to our Living-Learning Communities (LLCs), meeting people with similar interests has never been easier. LLCs are communities of students grouped together because they share similar interests, values, or academic programs.

WHY JOIN A LIVING-LEARNING COMMUNITY?

• Fun activities throughout the year
• Social and personal development
• Academic support programming
• Career experience

CURRENT LIVING-LEARNING COMMUNITIES

• Health and Wellness
• Engineering
• Global Citizen
• Neekamewak
• Le Quartier Francophone
• Hill Business
• Education
• Pre-Professional
• Arts
• Media, Art, & Performance

To learn more, or to apply to one of our Living-Learning Communities, visit: uregina.ca/housing

DINE WITH US

You will find a variety of dining options to satisfy all of your cravings, right on campus!

Looking for a convenient, healthy, and cost-saving option? Consider a dining plan that allows you to swipe and save at any University of Regina Food Services location!

For information on campus dining visit: www.dineoncampus.ca/uofregina

OUR HOUSING OPTIONS:
• College West
• Kihk Towers
• La Residence
• The Student Village at Luther College
• Paskwâw Tower
• Wakpá Tower
Regina, affectionately referred to as the Queen City, is the capital of Saskatchewan and one of Canada’s friendliest cities. Located in the heart of the North American plains, Regina receives more hours of sunshine per year than any other Canadian city, making it a great place to call home (and the ideal place to lounge like a cat or grow impressive houseplants).

The Queen City is built around Wascana Centre, one of the largest and most picturesque urban parks in North America, making it a beautiful place to live. Wascana Lake is located just seconds from campus and surrounded by dozens of pathways where you can admire the beauty of nature while you jog, walk, bike, longboard, or maybe even gallop (hey, we’re not judging).

Regina offers the perfect blend of big city amenities and small town charm. When you live here, you may have rush minutes, but you’ll never have rush hour! Getting around is easy with Regina Transit, which connects you to all areas of the city with 16 million bus routes annually. Our U-Pass gives students unlimited access to all transit routes (including express university routes)!

There’s also no shortage of things to do in Regina. Whether you’re a sports fanatic, culture buff, foodie or adventure seeker – Regina has something for you. With a growing entrepreneurial population, Regina is quickly becoming a destination for exceptional local culinary and shopping experiences.

Regina, affectionately referred to as the Queen City, is the capital of Saskatchewan and one of Canada’s friendliest cities.

TOP 10 THINGS TO DO IN REGINA

1. Walk around Wascana Lake as the sun is setting
2. Cheer everyone on at the Queen City Pride Parade
3. Carve a watermelon helmet and attend a Saskatchewan Roughriders game
4. Watch an outdoor movie at Cinema Under The Stars in Downtown Regina
5. Try one of the delicious and unique flavours at Dandy’s Artisan Ice Cream
6. Window shop for local wares in the Cathedral district
7. Catch a live performance at Globe Theatre
8. Pontificate about artist intent at the MacKenzie Art Gallery
9. Watch a movie on the BIG screen at the Kramer IMAX Theatre or visit the Saskatchewan Science Centre
10. Visit the Royal Canadian Mounted Police Heritage Centre
To date, over 30,000 learners have made the FNUniv part of their educational journey. We are home to over 400 researchers (that’s a lot of lab coats). Riddell Centre, our main hub, is a great place to grab lunch and people watch. The Campus Store has all of your U of R gear and textbook needs! Shhhh!!! The Archer Library is one of the best study spots on campus. The term Wascana is derived from the Cree word Oscana meaning “Pile of Bones”. Our Research and Innovation Centre features the first green roof in Saskatchewan! Chill out with friends and soak up the sun on the green. Work up a sweat in our state-of-the-art gym facilities. Living on campus means wearing flip flops year round is an option! Our Federated College students are eligible for additional scholarships!

Our campus is located on the beautiful banks of Wascana Lake, and offers an impressive number of world-class facilities where students can learn, live, and lounge.
To see full program descriptions or view sample classes and career paths, visit urconnected.uregina.ca

The University of Regina offers many innovative programs and pathways. For example, our program uses a systems-based approach, which uniquely combines technological, social, economic, and environmental aspects. We also have many interdisciplinary programs and program combinations that allow you to explore more than one area. For example, you can check out our PPE program (Political, Philosophy, and Economics) in the Faculty of Arts or Creative Technologies in the Faculty of Media, Art, and Performance. With over 150 academic programs across nine undergraduate faculties, we’re confident you’ll find a program to interest you.

ACCOUNTING
BACHELOR OF BUSINESS ADMINISTRATION
Faculty of Business Administration
Learn accounting theories and practices in an applicable way. Gain experience with managerial, financial, and cost accounting practices, and learn how to prepare and analyze financial statements.
EL: Co-op | FC: U or R, FNUniv
Prepares students who wish to pursue their future CPA designation.

ACTUAL SCIENCES
BACHELOR OF SCIENCE
Faculty of Science
Become experts in risk management. You will apply mathematics, statistics, and risk theories to the design of insurance and pension programs and various business environments.
EL: Internship | FC: Campion, FNUniv, Luther
The only program of its kind in Saskatchewan, and one of only 11 programs nationally that are accredited by the Canadian Institute of Actuaries.

ANTHROPOLOGY
BACHELOR OF ARTS
Faculty of Arts
Develop deep, useful, cross-cultural understanding of human beings. Gain insights into politics, culture, gender, race, languages, kinship, and the complexities of globalization and multiculturalism in the modern world.
EL: Co-op | FC: Campion, FNUniv, Luther

APPLIED PHYSICS
BACHELOR OF SCIENCE
Faculty of Science
The best of modern physics instruction with practical knowledge in related applied fields. This program is a co-operative effort between the University and participating industrial employers.
EL: Co-op | FC: Campion, FNUniv, Luther

ART HISTORY
BACHELOR OF ARTS
Faculty of Media, Art, & Performance
Learn to understand historically and across cultures, as well as different methods and techniques of various art media while acquiring tools to conduct research and interpret and evaluate works of art.
EL: Professional Placement Program
FC: Campion, FNUniv, Luther

BIOCHEMISTRY
BACHELOR OF SCIENCE
Faculty of Science
Learn biophysics, molecular genetics, and complex biological processes. Focus is biosynthesis of natural products and complex biological processes. You will develop an understanding of advanced molecular biology, genetics, and biochemistry.
EL: Co-op | FC: Campion, FNUniv, Luther

BIOLOGY
BACHELOR OF SCIENCE
Faculty of Science
You will design experiments and projects, conduct field and laboratory research, and learn to think analytically and critically. Examples of areas you can explore are environmental issues, the workings of the human body, and photosynthesis.
EL: Co-op | FC: Campion, FNUniv, Luther

CHEMICAL TECHNOLOGY
BACHELOR OF SCIENCE
Faculty of Science
Learn to conduct chemical analyses, set up experiments, and develop chemical products. You will build upon logical and innovative thinking skills and write technical reports.
EL: Professional Placement Program
FC: Campion, FNUniv, Luther

CHEMISTRY
BACHELOR OF SCIENCE
Faculty of Science
Conduct chemical analyses, design, synthesize and test new chemical products, and measure pollutants in the air, water and soil. Develop analytical, problem solving, and data interpretation skills through hands-on work.
EL: Co-op | FC: Campion, FNUniv, Luther

COMPUTER SCIENCE
BACHELOR OF SCIENCE
Faculty of Science
Conduct all aspects of computing from coding to user-interaces. Explore how to program computers for simple and complex tasks such as computer graphics, animation, and video games.
EL: Co-op | FC: Campion, FNUniv, Luther

CREATIVE TECHNOLOGIES
BACHELOR OF ARTS
Faculty of Media, Art, & Performance
Enhance your creativity with the power of technology and work outside traditional creative study areas through the linking of technology, music, and visual arts while working and studying new media.
EL: Professional Placement Program
FC: Campion, FNUniv, Luther

CULTURES OF DISPLAY
BACHELOR OF ARTS
Faculty of Media, Art, & Performance
Students take specific art history and Media, Art, and Performance courses to prepare for a career in the curatorial field. This program was designed to meet the demand for specific training in this area.
EL: Professional Placement Program
FC: Campion, FNUniv, Luther

ECONOMICS
BACHELOR OF ARTS, BACHELOR OF SCIENCE
Faculty of Arts | Faculty of Science
Explore how societies deal with economic problems, provide for the economic well-being of their citizens, decide what goods and services to produce, which methods to use in production, and to whom these goods and services will be distributed.
EL: Co-op | FC: Campion, FNUniv, Luther
Enhance your degree! Complete a Combined Major with Business Administration, geography, history, or statistics.

EDUCATION - ARTS
BACHELOR OF EDUCATION
Faculty of Education
Prepare graduates to teach arts education from Kindergarten through Grade 12. Gain tools to plan and lead artistic experiences for individuals and groups of diverse backgrounds, assess learning levels, and collaborate with other educators.
EL: Internship
Direct-entry program/competitive
This is a 4-year program!

EDUCATION - BACCAULAURÉAT EN ÉDUCATION ÉLÉMENTAIRE/SECONDAIRE
BACHELOR OF EDUCATION
Faculty of Education
Prepare graduates to teach elementary or secondary level Francophone or French immersion schools. Students spend second year at Université Laval in Quebec City.
EL: Internship
Direct-entry program/competitive; Université Laval for second year

EDUCATION - ELEMENTARY AND SECONDARY
BACHELOR OF EDUCATION
Faculty of Education
Broad based program that prepares school professionals to teach core curriculum subjects, including: arts, education, health, language arts, mathematics, physical education, science, and social studies at the Pre-Kindergarten to Grade 9 level.
EL: Internship
Direct-entry program/competitive

EDUCATION - INDIGENOUS (ELEMENTARY AND SECONDARY)
BACHELOR OF EDUCATION
Faculty of Education
Holistic First Nations teaching perspective prepares students for both the elementary and secondary levels. Specific courses designed to introduce teachers to unique needs of First Nations students.
EL: Internship | FC: FNUniv
Apply through FNUniv

EDUCATION - MUSIC
BACHELOR OF MUSIC EDUCATION/ BACHELOR OF MUSIC
Faculty of Media, Art, & Performance | Faculty of Education
This five year joint degree program prepares you to teach secondary choral and instrumental music. As part of the program, you will pursue applied music study on one instrument or voice for seven of the ten semesters.
EL: Internship in the Bachelor of Music Education portion of the program
FC: Campion, FNUniv, Luther for the BMUS portion of the program
5-year direct-entry program - You start right away in the joint program with other future educators, and graduate with two degrees!

EDUCATION - PHYSICAL EDUCATION/ PHYSICAL LITERACY
BACHELOR OF EDUCATION/ BACHELOR OF KINESIOLOGY
Faculty of Education | Faculty of Kinesiology & Health Studies
In this five year program, students will explore fundamental movement skills, human movement science, and application in both classroom and community settings. Students will receive a Bachelor of Education (physical education major) and Bachelor of Kinesiology (physical literacy major) upon completion of this joint program.
EL: Internship
Graduate with two degrees!

EDUCATION - SASKATCHEWAN URBAN NATIVE TEACHER EDUCATION PROGRAM (SUNTEP)
BACHELOR OF EDUCATION
Faculty of Education
Incorporates native studies and cross-cultural education with a solid foundation in the mechanics of teaching while spanning a substantial amount of time working with teachers and their students in mystically urban schools.
EL: Internship
Direct-entry program/competitive

ENGINEERING - ELECTRONIC SYSTEMS
BACHELOR OF APPLIED SCIENCE
Faculty of Engineering and Applied Science
Focus on analog and digital electronics with specialization streams in instrumentation and control, telecommunications, micro-electronics, and power and energy. Software and computer-related courses are part of the program, allowing students to develop greater software and hardware abilities.
EL: Co-op, Internship

ENGINEERING - ENVIRONMENTAL SYSTEMS
BACHELOR OF APPLIED SCIENCE
Faculty of Engineering and Applied Science
Plan, design, and evaluate solutions to environmental problems in the areas of water resource systems, regional infrastructure systems, waste management, and air pollution.
EL: Co-op, Internship

FC - Program available through a Federated College

ENGLISH - CREATIVE WRITING
CONCENTRATION
BACHELOR OF ARTS
Faculty of Arts
This concentration is an area of focus within the major in English, and suits those interested in writing creative work such as poetry, fiction, or drama.
EL: Co-op | FC: Campion, FNUUniv, Luther

ENVIRONMENTAL BIOLOGY
BACHELOR OF SCIENCE
Faculty of Science
Explore contemporary environmental issues and learn how to monitor, assess and manage the use of natural resources, apply mapping and remote sensing techniques and conduct research. *Must first complete a diploma program in Resource Management through Sask Polytech, Lethbridge, or Lakehead College.
FC: Campion, FNUUniv, Luther

ENVIRONMENTAL GEOSCIENCE
BACHELOR OF SCIENCE
Faculty of Science
Study the geological and geographic composition of the environment and the forces that shaped and continue to shape our Earth. The Environmental Geoscience undergraduate degree at the University of Regina provides students with the prerequisites for registration as a Professional Geoscientist in Environmental Geoscience in accordance with provincial legislation in Saskatchewan.
FC: Campion, FNUUniv, Luther

FILM PRODUCTION
BACHELOR OF FINE ARTS/
POST-BACCALAUREATE DIPLOMA IN FILM PRODUCTION
Faculty of Media, Art, & Performance
Learn how to produce film and new media, including the elements of scriptwriting, directing, recording, editing, digital imaging, and sound production. You will also study the history, theory and analysis of motion pictures.
EL: Co-op | FC: Campion, FNUUniv, Luther

FILM STUDIES
BACHELOR OF ARTS
Faculty of Media, Art, & Performance
The film studies program results in a liberal arts degree where you will focus on media studies while developing skills in critical thinking, analysis, problem solving, decision making, and communication. You will also develop interdisciplinary knowledge and a strong awareness of culture.
EL: Professional Placement Program | FC: Campion, FNUUniv, Luther

FINANCE
BACHELOR OF BUSINESS ADMINISTRATION
Faculty of Business Administration
Analyze and interpret financial information to make money-handling decisions. Examine financial concepts, theories and analyses, understand financial markets, identify and analyze risk to implement and manage resource allocation strategies.
EL: Co-op | FC: U of R, FNUUniv
Prepares students who wish to pursue their future Certified Financial Planner (CFP) or Chartered Financial Analyst (CFA) designation.

FRENCH AND FRANCOPHONE INTERCULTURAL STUDIES
BACHELOR OF ARTS
Faculty of Arts
La Cité universitaire francophone
The study of the French language, francophone history, and contemporary culture from around the world.
EL: Co-op | FC: Campion, FNUUniv, Luther

GEOPHYSICAL INFORMATION SCIENCE
BACHELOR OF GEOGRAPHIC INFORMATION SCIENCE
Faculty of Arts
Gain practical and applicable knowledge in Geography and Environmental Studies. Geographic Information Science is the intellectual understanding behind the development and application of Geographic Information Systems (GIS) which allows you to utilize this emerging technology being used throughout the world to solve problems in multiple disciplines.
EL: Co-op | FC: Campion, FNUUniv, Luther
Unique designation not offered anywhere in North America!

HUMAN JUSTICE
BACHELOR OF HUMAN JUSTICE
Faculty of Arts
Study the many different nations, peoples and cultures of the past from a political, idealistic, economical, social, and cultural perspective. A history degree will help you understand how civilization has evolved and developed.
EL: Co-op | FC: Campion, FNUUniv, Luther
Enhance your degree! Complete a Combined Major in Economics and History.

HUMAN KINETICS
BACHELOR OF KINETOLOGY
Faculty of Kinesiology & Health Studies
Focuses on biomechanics, physiology, exercise physiology, and movement theory in relation to health and disease. Also referred to as exercise science.
EL: Fieldwork

HUMAN RESOURCE MANAGEMENT
BACHELOR OF BUSINESS ADMINISTRATION
Faculty of Business Administration
Learn to design and implement human resource strategies required to attract and retain highly qualified employees. Explore staffing systems, current recruitment trends and challenges, organizational analysis, management of a diverse workforce, and proper application of conflict resolution skills.
EL: Co-op | FC: U of R, FNUUniv
Prepares students who wish to pursue their future Certified Human Resource Professional (CHRP) designation.

INDIGENOUS ENVIROMENTAL SCIENCE
BACHELOR OF SCIENCE
Faculty of Science (FNUUniv program)
Provides students with tools to become experts in multi-faceted disciplines in the sciences, environmental assessment, environmental resource management, land development, natural resource exploration, and health impact.
EL: Co-op | FC: FNUUniv

INDIGENOUS FINES ARTS & ART HISTORY
BACHELOR OF ARTS
Faculty of Media, Art, & Performance
The Department of Indigenous Fine Arts teaches not only the history of Indigenous art but also modern art and technique in both two and three dimensions.
EL: Professional Placement Program | FC: Campion, FNUUniv, Luther

INDIGENOUS LANGUAGES: CREE OR SAULTEAUX
BACHELOR OF ARTS
Faculty of Arts
FNUUniv's Department of Indigenous Languages, Arts and Cultures works to strengthen the First Nations identity by ensuring the survival of Saskatchewan First Nations languages. The department offers majors in Cree, Saulteaux and minors in Cree, Dakota, Dené, Nakota, and Saulteaux.
EL: Co-op | FC: Campion, FNUUniv, Luther

INDIGENOUS SOCIAL WORK (QUALIFYING)
BACHELOR OF INDIAN SOCIAL WORK
Faculty of Social Work
Prepares you to enter into the field of human service as a social worker with a special emphasis on working with First Nations individuals, families, groups, and communities.
EL: Practicum required | FC: FNUUniv
Campus Options: FNUUniv Regina, FNUUniv Saskatoon, FNUUniv Prince Albert
PROGRAM INDEX CONTINUED

INDIGENOUS STUDIES

BACHELOR OF ARTS

Faculty of Arts

The program is open to both Indigenous and non-Indigenous students and explores the history and life of Indigenous people in Saskatchewan, Canada, North America and around the world. It incorporates traditional teachings offered by Elders and knowledge carriers, as well as traditional perspectives and content. Courses specifically foster critical thinking skills, written and oral expression, and the development of research methods.

EL: Co-op | FC: Campion, FNUniv, Luther

INTERNATIONAL STUDIES

BACHELOR OF ARTS

Faculty of Arts

Integrate international and regional area studies to explore global processes and structures that connect and affect countries around the world.

Concentrations: Development Studies or International Affairs.

EL: Co-op | FC: Campion, FNUniv, Luther

JAPANESE

BACHELOR OF ARTS

Faculty of Arts

Open the gateway to Asian languages and cultures. Broaden your perspective on values and cultural traditions that are influential across Asia with courses focusing on language, religious beliefs, and cultural awareness.

EL: Co-op | FC: Campion, FNUniv, Luther

JOURNALISM (PRE-JOURNALISM)

BACHELOR OF ARTS

Faculty of Arts

Study the history of journalism, media convergence and ownership trends, as well as traditional teachings offered by Elders and knowledge carriers, as well as traditional perspectives and content. Courses specifically foster critical thinking skills, written and oral expression, and the development of research methods.

EL: Co-op | FC: Campion, FNUniv, Luther

LINGUISTICS (INDIGENOUS LANGUAGES & LINGUISTICS PROGRAM)

BACHELOR OF ARTS

Faculty of Arts

The program is open to both Indigenous and non-Indigenous students and explores the history and life of Indigenous people in Saskatchewan, Canada, North America and around the world. It incorporates traditional teachings offered by Elders and knowledge carriers, as well as traditional perspectives and content. Courses specifically foster critical thinking skills, written and oral expression, and the development of research methods.

EL: Co-op | FC: Campion, FNUniv, Luther

MEDICAL IMAGING

BACHELOR OF MEDICAL IMAGING

Faculty of Science

The medical imaging program trains you to understand and apply the principles of science and medicine as they relate to medical radiography. You will become skilled in the techniques and equipment used in diagnostic imaging departments.

EL: Must first complete Sask Polytech Diploma

FC: Campion, FNUniv, Luther

MEDICAL LABORATORY SCIENCE

BACHELOR OF MEDICAL LABORATORY SCIENCE

Faculty of Science

Explore various topics such as biology, organic chemistry, biochemistry, and genetics. You will participate in computer assisted research, statistical analyses of medical experiments and data, safety practices and infection control, and professional communication.

EL: Must first complete Sask Polytech Diploma

FC: Campion, FNUniv, Luther

PHILOSOPHY

BACHELOR OF ARTS

Faculty of Arts

Study classical philosophers such as Aristotle and Plato, and explore the influential and world-changing ideas of Descartes, Marx, and Rousseau. Learn to challenge and question the world we live in, re-evaluate the everyday and theorize about different belief systems.

EL: Co-op | FC: Campion, FNUniv, Luther

PHILOSOPHY, POLITICS AND ECONOMICS

BACHELOR OF ARTS

Faculty of Arts

Draw upon three disciplines to examine today’s challenges using this interdisciplinary lens. Not only will you learn to identify these challenges, you will develop the knowledge and skills that could help solve them.

EL: Co-op | FC: Campion, FNUniv, Luther

POLICY STUDIES

BACHELOR OF ARTS IN POLICE STUDIES

Faculty of Arts

Professional path: complete three years of academic study followed by one term at the Saskatchewan Police College and a one-term internship with a police service.

Academic path: complete all four years of academic study in the Department of Justice Studies focusing on theoretic and applied knowledge.

EL: Prerequisite required

FC: Campion, FNUniv, Luther

The Bachelor of Police Studies is a unique degree offering two programs of study, a professional path and an academic path.

POLITICAL SCIENCE

BACHELOR OF ARTS

Faculty of Arts

Tackle some of the most important questions faced by humankind, such as “What is the nature of community and what do we expect of others and they of us?” Think critically and systematically about human nature and society and the operation of our political institutions.

EL: Co-op | FC: Campion, FNUniv, Luther

PRE-AGRICULTURE

Faculty of Arts | Faculty of Science

Begin the University of Saskatchewan’s Bachelor of Science in Agriculture at the University of Regina. The courses completed at the University of Regina as part of this program can be used toward a variety of degree programs at the University of Regina.

FC: Campion, FNUniv, Luther

PRE-CRIOPTHARCTIC MEDICINE

Faculty of Arts | Faculty of Kinesiology & Health Studies | Faculty of Science

Students can complete the pre-medicine requirements for the University of Saskatchewan MD program at the University of Regina. Students must complete a four year baccalaureate degree prior to entry to the College of Medicine. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Chiropractic Medicine as a designation upon entry with additional programming to support you.

FC: Campion, FNUniv, Luther

PRE-DENTISTRY

Faculty of Science

Students can complete the pre-dentistry requirements for the University of Saskatchewan’s College of Dentistry at the University of Regina. Students are eligible to apply to the College of Dentistry after three years (90 credit hours) of an undergraduate degree.

FC: Campion, FNUniv, Luther

PRE-LAW

Faculty of Arts

Complete the requirements for admission to the University of Saskatchewan College of Law at the University of Regina. Students are required to take 60 credit hours of courses – the equivalent to two years of full-time university courses, before being eligible to apply to the College of Law. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Law as a designation upon entry with additional programming to support you.

FC: Campion, FNUniv, Luther

Which courses do you offer? {Elders and knowledge carriers, as well as traditional perspectives and content. Courses specifically foster critical thinking skills, written and oral expression, and the development of research methods.}

EL: Co-op | FC: Campion, FNUniv, Luther

What are the prerequisites for each program? {Please refer to the specific program details provided in the text for each program.}

What is the focus of the Medical Imaging program? {The medical imaging program trains you to understand and apply the principles of science and medicine as they relate to medical radiography. You will become skilled in the techniques and equipment used in diagnostic imaging departments.}

What courses are included in the pre-agriculture program? {The courses completed at the University of Regina as part of this program can be used toward a variety of degree programs at the University of Regina.}

What are the pre-dentistry requirements? {Students can complete the pre-dentistry requirements for the University of Saskatchewan MD program at the University of Regina. Students must complete a four year baccalaureate degree prior to entry to the College of Medicine. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Chiropractic Medicine as a designation upon entry with additional programming to support you.}

What are the pre-law requirements? {Complete the requirements for admission to the University of Saskatchewan College of Law at the University of Regina. Students are required to take 60 credit hours of courses – the equivalent to two years of full-time university courses, before being eligible to apply to the College of Law. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Law as a designation upon entry with additional programming to support you.}

Is there a program available through a Federated College? {Yes, the Experiential Learning Opportunities program is available through a Federated College.}

36 | DECEMBER 2020/2021 VIEWBOOK
PRE-NUTRITION Faculty of Arts | Faculty of Science Students at the University of Regina can complete the pre-nutrition requirements for the Nutrition program offered by the University of Saskatchewan. Applicants to the Nutrition program require 30 credit hours (one year) of specific course requirements. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Nutrition as a designation upon entry with additional programming to support you.

FC: Campion, FNUniv, Luther

PRE-OCCUPATIONAL THERAPY Faculty of Arts | Faculty of Kinesiology & Health Studies | Faculty of Science Occupational Therapy is a Master of Science program at the University of Alberta. Applicants are eligible to apply after completing a four year undergraduate degree in any discipline. Specific prerequisite courses are required. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Occupational Therapy as a designation upon entry with additional programming to support you.

FC: Campion, FNUniv, Luther

PRE-OPTOMETRY Faculty of Science Students can complete the pre-optometry requirements for the Optometry program at the University of Waterloo through the Faculty of Science at the University of Regina. Students are eligible to apply to the University of Waterloo with three years (90 credit hours) of specified pre-optometry courses. Pre-optometry courses completed at the University of Regina faculty can be used toward a BSc at the University of Regina.

FC: Campion, FNUniv, Luther

PRE-PHARMACY Faculty of Arts | Faculty of Kinesiology & Health Studies | Faculty of Science At the University of Regina, students can complete the pre-pharmacy requirements for the College of Pharmacy and Nutrition at the University of Saskatchewan. Students are eligible to apply to U of S after completion of 2 years (60 credit hours) of specified courses. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Pharmacy, as a designation upon entry with additional programming to support you.

FC: Campion, FNUniv, Luther

PRE-PHYSICAL THERAPY Faculty of Arts | Faculty of Kinesiology & Health Studies | Faculty of Science The School of Physical Therapy at the University of Saskatchewan offers a Master of Physical Therapy program. Applicants are eligible to apply to the School of Physical Therapy after the completion of a four year baccalaureate degree in any discipline. Some specific pre-requisite courses are required. These requirements can be met in any University of Regina faculty, however some faculties offer Pre-Physical Therapy as a designation upon entry with additional programming to support you.

FC: Campion, FNUniv, Luther

Students in the BSWM gain experience in direct social work practice through two practicum placements, available in diverse settings.

EL – Experiential Learning Opportunities FC – Program available through a Federated College

PSYCHOLOGY BACHELOR OF ARTS, BACHELOR OF SCIENCE Faculty of Arts | Faculty of Science Why do we behave the way we do? Learn how people relate to each other and the world around them, while also learning about yourself. Psychologists tackle an array of questions about what makes us human.

EL: Co-op | FC: Campion, FNUniv, Luther

RELIGIOUS STUDIES BACHELOR OF ARTS Faculty of Arts Explore the astonishing diversity of religious practices and beliefs around the world. Look into the sometimes-surprising origins and explanations of the myths, rituals, and symbols of different peoples.

EL: Co-op | FC: Campion, FNUniv, Luther

RESOURCES & ENVIRONMENTAL STUDIES BACHELOR OF ARTS Faculty of Arts Learn about resource and environmental legislation, resource management, contemporary environmental issues, and environmental and community health. Explore how these topics affect Indigenous peoples, cultures and histories.

*Must first complete Sask Polytech’s Resource and Environmental Law Diploma.

EL: Co-op | FC: Campion, FNUniv, Luther

SOCIODY BACHELOR OF ARTS Faculty of Arts Study the relationships between people and institutions, and how these relationships affect our decision making and everyday lives. Analyze human social behaviour and complex social issues to understand social events and how they impact our world.

EL: Co-op | FC: Campion, FNUniv, Luther

SOFTWARE SYSTEMS DEVELOPMENT BACHELOR OF SCIENCE Faculty of Science Enjoy solving technical problems or using simple programming languages to create your own computer games and software? Create, design, implement, and test large software systems throughout this program.

EL: Co-op | FC: Campion, FNUniv, Luther

THEATRE AND PERFORMANCE BACHELOR OF ARTS Faculty of Media, Art, & Performance Train to become an actor, designer, stage manager, technical director, or researcher in a professional-track program. Study with world class professors who are active artists and researchers. Concentrations: Acting, Design, Stage Management

EL: Professional Placement Program FC: Campion, FNUniv, Luther

THERAPEUTIC RECREATION BACHELOR OF SPORT AND RECREATION STUDIES Faculty of Kinesiology & Health Studies Study how leisure, play, and sport are a vital therapeutic component for people with mental or physical health issues or injuries in this nationally-certified program.

EL: Fieldwork

VISUAL ARTS BACHELOR OF FINE ARTS Faculty of Media, Art, & Performance Blend your passion for sports and recreation with design, art, and film to create an exciting career in the field of sport and recreation. Learn about the history, theory, and social construction of leisure, play, and sport and develop skills to create and apply these concepts in your career.

EL: Co-op | FC: Campion, FNUniv, Luther

WOMEN’S & GENDER STUDIES BACHELOR OF ARTS Faculty of Arts Explore the history, theory, and social constructs of women’s and gender issues in this interdisciplinary program.

EL: Co-op | FC: Campion, FNUniv, Luther

STATISTICS BACHELOR OF SCIENCE Faculty of Science Explore the data-driven science of how statistics and numbers help us understand the world, predict future events, and analyze information.

EL: Co-op | FC: Campion, FNUniv, Luther

You probably have a few questions about university — that’s why we have experienced (and pretty darn friendly) Enrolment Counsellors on staff! They’ll meet with you one-on-one, answer all of your questions, and even guide you through the complete application process. Our Enrolment Counsellors are available year-round to discuss your options.

Come see why you belong here! From campus-wide open houses, to faculty-specific events, there are a lot of opportunities to see what the U of R has to offer.

Once you have decided that the U of R is the right place for you, you will have access to workshops that prep you for your first year. From how to fill out your scholarship applications, to registration seminars that help you pick your classes — we’re here to help you succeed.

BOOK AN ENROLMENT COUNSELLING APPOINTMENT AND CHECK OUT OUR UPCOMING EVENTS AT: urconnected.uregina.ca
