NEW THIS YEAR!

FACULTY OF BUSINESS ADMINISTRATION ADMISSION REQUIREMENTS:
The Faculty of Business Administration will now accept Entrepreneurship 3D and Accounting 3D in the list of options in the “3D-level language, social science, or fine/performing arts course” category.

CERTIFICATE IN FOUNDATIONS OF NURSING:
This 18 credit hour certificate is intended for individuals who may be interested in applying to the SCBScN program who want to lighten their course load in their first year. develop a strong foundation for the SCBScN, demonstrate success in courses specific to the SCBScN, and/or satisfy their curiosity about Nursing. In addition, the certificate can be accessed by potential applicants who are missing required high school admission subjects or by those for whom a credential may be viewed more favourably by funding agencies than stand-alone courses. All courses within the certificate would be credited to the SCBScN program on admission.

PRE-NURSING CERTIFICATE:
This 15 credit hour certificate has been developed for potential applicants to the After-Degree Nursing Program (ADNP) who have completed an undergraduate degree, but do not have the specific courses required for admission. The Pre-Nursing Certificates will be available throughout Saskatchewan since all courses are available online. The ADNP itself is available only in Regina.

NEW HOUSING PRICES:
Some of the residence room rates have been decreased, making living on campus more attractive than ever. For example, students can live in a four bedroom apartment in Passikw and Wakiq Towers for around $800 per month. In addition, according to a recent Canadian study, students who live on campus have a higher GPA and a greater chance of graduation than those who do not.
