Are your students wanting a university degree with practical work experience too?

Almost all of our 120 programs have an experiential component either built directly into the program or as an optional add-on. These include fieldwork, internships, practicums, Co-op, and more! These experiences are sometimes paid too!

When this experience is combined with our unique UR Guarantee Program, graduates are extremely prepared for the working world!

What is the UR Guarantee Program?

This program guarantees students that they will find career related work within six months of graduation. If not, the U of R will **pay for an entire year of tuition (10 classes)!** Students return and take courses or even a certificate to supplement the education that they already have. Free tuition is great but the most important part of this program is **the career portfolio** that students create. Our advisors work closely to **help students build resumes, prepare for interviews, and to develop networking techniques.**
